

# Introducing...

## Australia's No.1 Watermarked Rainwater / Mains Supply Change Over Pump System

for above ground and below ground tank applications

Now with AS/NZS4020  
'Products that come into contact with drinking water'  
**Compliant Pumps**  
(SMH350,450,550)

**NEW**

### Watermarked ActionSwitchBox

Automatically controls the water supply for your toilets, laundry & outside tap

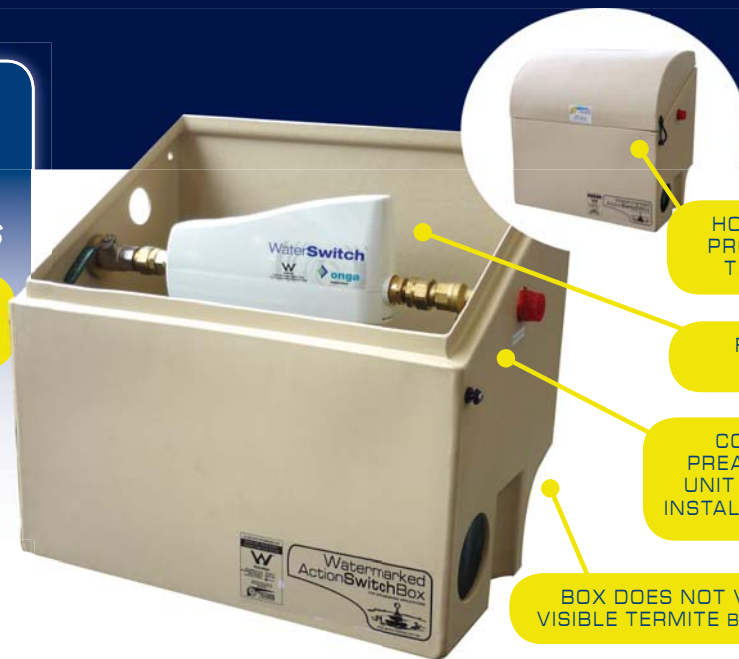

**SUITABLE FOR:**

- ✓ Small single-storey
- ✓ Large single-storey
- ✓ Double storey homes

Now with AS/NZS4020 compliant pump

**WaterMark**  
ATS5200.477:2006  
WMKA21355

HOUSED SYSTEM PROTECTED FROM THE ELEMENTS

FACTORY TESTED

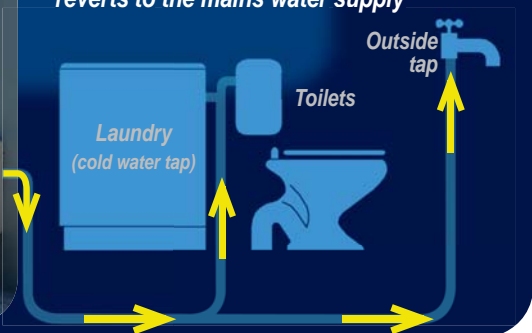

COMPLETE PREASSEMBLED UNIT = REDUCED INSTALLATION COST

BOX DOES NOT VOID VISIBLE TERMITE BARRIER

### How it works:

1. Roof water runs off into tank
2. Watermarked Action Switch Box delivers rainwater to house applications
3. When the tank is empty, the Watermarked Action Switch Box senses rainwater is unavailable and automatically reverts to the mains water supply

Now available in **Revit**

**NEW**

605MM L X 380MM D X 600MM H

## Function

The Watermarked Action**Switch**Box is a complete pre-assembled mains water diversion system for above ground tanks that automatically controls the water supply for non-drinking applications.

The benefit of this system is a significant reduction in installation cost for the builder/plumber/contractor and reduced long-term maintenance costs for the end-user.
